

TREATY RECEIVES ANOTHER SETBACK

Republican Senators Protest
to Lodge Against Making
a Compromise

CLAIM ENOUGH VOTES TO BLOCK PACT

WASHINGTON, Jan. 23.—Protest by influential Republican senators against further compromise on reservations to the peace treaty today gave the compromise negotiations a severe setback and, senators declared, involved future solidarity of the Republican party not only in the senate but in the nation.

Eight Republican senators headed by Senator Johnson of California and Borah of Idaho and claiming to represent other senators called Republican Leader Lodge into conference and delivered what was declared to be an ultimatum against proposed compromises of the informal by partisan committees of senators.

Some of the senators declared that the repetition of the protests would affect the Republican leadership and unity in the senate, while one, Senator Sherman of Illinois, stated that he would leave the Republican party and join a third party if the Republicans support "emasculated" reservations.

The conference with Senator Lodge, which lasted nearly three hours, prevented the scheduled session of the bi-partisan committee. This committee will meet again tomorrow, but with the compromise prospects thrown into confusion.

Democrats interested in the compromise negotiations tonight expressed concern over the turn of events at the resultant possibility of success.

The movement of protest against compromising the Lodge reservations was almost coincident with a visit to the senate by former President Taft who consulted with several "mild reservation" Republicans, including Senators McComb of North Dakota, McNary of Oregon, Kellogg of Minnesota and Colt of Rhode Island. Mr. Taft urged compromise, strongly and during his visit declared that a compromise on the Lodge reservation to Article Ten of the League of Nations covenant would not "kill the treaty," because, he asserted, other provisions would make it impossible to bring to a close.

Another effect of the opposition to compromise was a speech in the senate by Senator Ashurst, Democrat, Arizona, in favor of immediate ratification. Mr. Ashurst charged both Republicans and Democrats with delaying ratification by playing partisan politics, "while the world waits for action."

The conference of Republicans with Senator Lodge was attended by Senators Johnson and Borah, Knox of Pennsylvania, Poinsett of Washington, Sherman and McCormick of Illinois; Brandegee of Connecticut, and Moses of New Hampshire.

Altho all the senators who called on Senator Lodge voted last November against ratification of the treaty and are outnumbered among his bitterest foes, one of those present declared tonight that they could count on support of thirty-eight votes, enough to prevent ratification. If their protest against modifying the Lodge reservations is not heeded.

Except for brief statements from Senator Lodge and Johnson and a lengthy statement from Senator Sherman, few of the senators participating in the conference would talk for publication.

Mr. Lodge said the senators who called on him represented "a large group of senators who want no change in the Lodge reservations."

Sensor Johnson declared that the Lodge reservations were said by Mr. Lodge to be the "irreducible minimum." Others in the meeting stated privately that the question of a treaty compromise on Republican solidarity and leadership in the senate and in the country were discussed.

Sensor Johnson was asked regarding reports widely circulated in senate lobby gossip, that declarations had been made under a third party movement and a "bolt" from the Republican senate leadership if the Lodge reservations are modified and the California senator replied:

"Poppycock; I haven't such a thought."

Sensor Lodge said the meeting was to give information to senators regarding the high cost of living will be undertaken by labor unions of Rock Island, Moline and Davenport. Representatives of seventy locals met last night and arranged for a central agency for purchase and distribution.

KNIGHT BEFORE NAVAL COMMITTEE

Senior Member of Board on Medal
Recommendations Tells How
Awards are Made.

WASHINGTON, Jan. 23.—Legislation designed to differentiate sharply between decorations awarded naval officers and men for "meritorious and distinguished" service and for "valor" was proposed today by Rear Admiral Austin M. Knight, senior member of the board on medal recommendations to the senate sub-committee investigating decoration awards. One reason for the existing controversy Admiral Knight asserted lay in the fact that there was no medal available except the congressional medal of honor, awarded only in a very exceptional case for acts of extra heroism.

Admiral Knight took issue with Secretary Daniels' contention that commanding officers of ships sunk or seriously damaged by the enemy should receive the distinguished service medal whenever their conduct was meritorious.

"Officers who lost their ships," the admiral told the sub-committee, "should never be so rewarded unless they take offensive action against the enemy or succeed in saving their ship through unusual ability."

Rear Admiral Charles J. Badger, former commander in chief of the Atlantic fleet and Dewitt C. Coffman, former commander of the second battleship force of the Atlantic fleet, said that in their opinion the morale of the navy would not be permanently affected by the present decoration controversy. Admiral Knight suggested that congress revise the existing medal legislation and create a decoration to be given only for valor in cases where the act of heroism was not to remarkable enough to warrant awarding a medal of honor. At present, he said, the navy cross was awarded for heroism when the act was not sufficient to earn a medal of honor and for distinguished service medals.

Admiral Coffman indicated in his testimony that the recommendations of the Knight board had been ruthlessly changed by Secretary Daniels.

INCREASE FOR CHICAGO SCHOOL TEACHERS

Chicago, Jan. 23.—Chicago school teachers, who yesterday appealed to the board of education for a sixty per cent wage increase will receive a blanket raise of \$400 to \$500 per year, George F. Arnold, chairman of the board, announced today.

Representatives of the teachers indicated they would accept the award as temporary relief, but would continue their fight to put teaching on a wage plane at least equal to that of common laborers. At present the laborers receive considerably more than highly trained teachers, the instructors claimed.

The teachers asked a minimum of \$1,200 and a maximum of \$2,500 for the 6,355 elementary teachers, with other classes in proportion.

Jesse J. Walther, instructor of sub-normal children who teaches a class of 20 ranging from boys simply backward, to others who are feeble minded, threw the hearing into an uproar when he declared that two of her feeble minded pupils both 17 year old boys had gone to work at higher salaries than she received.

CAPTURED AFTER TRAIL AROUND THE WORLD

NEW YORK, Jan. 23.—After being trailed around the world, William H. Moffitt, wanted in connection with the alleged gigantic real estate twindles in New York City is under arrest at San Jose, Cal., according to a telegram received at police headquarters tonight. There are more than 300 complaints against Moffitt, the police say, alleging swindles of about \$1,000,000 by the sales of fake titles and bogus stocks.

Shortly before his indictment, Moffitt disappeared. He was trailed to Canada by detectives, from there to New Orleans, Oregon, Seattle and Washington. He was also trailed to Sydney, Australia, and thru other foreign countries. At each place he made his escape before police could arrest him.

FEEL EARTHQUAKE SHOCKS

Mexico City, Thursday, Jan. 22.—Strong earthquake shocks were felt in the city of Vera Cruz from 3 to 5 o'clock this morning. There were no casualties, although some residences were damaged.

Reports from Vera Cruz state the tremors demolished at Coahuila all structures which were not destroyed in the earthquake of January 6, while shocks lasting 20 minutes caused further damage at Salmar and San Francisco de La Penas.

LABOR UNIONS FIGHTING H. C. OF L.

Rock Island, Ill., Jan. 23.—Co-operative buying of staple foods to combat the high cost of living will be undertaken by labor unions of Rock Island, Moline and Davenport. Representatives of seventy locals met last night and arranged for a central agency for purchase and distribution.

85 COMMUNISTS INDICTED.

Chicago, Jan. 23.—Eighty-five members of the Communist party were indicted today by the special grand jury probing radical activities. Most prominent among them is Mrs. Rose Pastor Stokes, said to be a member of the national executive committee of the organization. The grand jury Wednesday indicted 38 officials of the Communist labor party.

HOLLAND REFUSES ALLIED DEMAND

Former German Emperor
Will Not be Handed Over,
Note to Allies Declares

DECLARES IT NOT AN INTERNATIONAL DUTY

PARIS, Jan. 23.—The demand of the entente powers that Holland deliver up to them former Emperor William of Germany that he may be tried "for a supreme offense against international morality and sanctity of treaties," has been refused by Holland.

In a note delivered this afternoon to the foreign office by the Dutch minister, Holland takes the ground that the Dutch government is not a party to the peace treaty which condemned William Hohenzollern and that it cannot recognize as an international duty the necessity to associate itself with this "act of high international policy of the powers."

It declares also that the constituent laws of the kingdom and the tradition of the country always a ground for refuge for the vanquished in international conflicts, will not permit the government to defer to the wishes of the entente by withdrawing from the former emperor the benefit of its laws and traditions. The declaration is made that the people of the Netherlands cannot betray the faith of those who have confided themselves to Holland's free institutions.

RESERVE DECISION ON MAYS CASE

NEW YORK, Jan. 23.—The appellate division of the supreme court reserved decision today on an appeal of Byron B. Johnson, president of the American league and of the St. Louis and Cleveland Americans, walked off the field in Chicago, was suspended by Mr. Johnson and later was reinstated by the league directors.

In arguing the latest phase of the disputed case involving Mays who while playing with the Boston Americans, walked off the field in Chicago, was suspended by Mr. Johnson and later was reinstated by the league directors.

Appellants' counsel contended that affidavits in the case did not state Mays had been hit by a ball and that his house had been burned in the spring while the Chicago incident occurred in July.

JUDGE SHOPE DIES IN CHICAGO HOSPITAL

CHICAGO, Jan. 23.—Judge Simon P. Shope, aged 85 years, former chief justice of the Illinois supreme court, died in a hospital here today as a result of injuries sustained when he was struck by an automobile December 10.

Judge Shope had been a member of the Illinois bar since 1856. He served several terms on the circuit court bench for Hancock, Adams, Pike, Brown, Schuyler, Fulton and McDonough counties, resigning in 1885 following his election to the supreme court bench where he served until 1894.

He was an uncle of Judge Geo. T. Page of the United circuit court of appeals. Funeral services will be held at his old home in Lewistown, Ill.

MAKING SEARCH FOR HEWITT FORTUNE

Chicago, Jan. 23.—Search was started today through the city's safety deposit vaults for moneys belonging to the estate of John H. Hewitt, a wealthy eccentric, who died Tuesday at Elgin, where he had gone voluntarily. The value of the estate is estimated at \$300,000.

Hewitt was unhappy at home, according to Harry Irwin, his attorney, and "wanted to go some place, but was very close with his money." He finally selected the insane asylum. Hewitt was nearly 90 years old. His wife is dead, but four children are living.

CHARGE TRAIN CREW WITH STEALING

Baltimore, Jan. 23.—Accused of stealing merchandise valued at approximately \$35,000 from trains of the Baltimore and Ohio railroad on which they were working an entire train crew of six men was turned over to United States authorities today by the police.

The accused men live in Baltimore. It is alleged that all the goods have been stolen during this month.

DUTCH NOTE REFUSING EXTRADITION OF EX-KAISER

PARIS, Jan. 23.—Following is the reply of The Netherlands government to the entente:

"By verbal note, dated January 15, 1920, giving to the envoy of the queen at Paris, the powers, referring to Article 227 of the treaty of Versailles, demand that the government of Holland give into their hands William of Hohenzollern, former emperor of Germany, so that he may be tried."

"Supporting this demand, they observe that if the former emperor had remained in Germany the German government would, under the terms of Article 228 of the treaty of peace, have been obliged to deliver him."

"In citing as premeditated violations of international treaties as well as a systematic disregard of the most sacred principle of the rights of man a number of acts committed during the war by German authority, the powers place the responsibility, at least morally, on the former emperor."

"They express the opinion that Holland would not fulfill her international duty if she refused to take this 'act of high international policy of the powers.'"

"They emphasize the special character of their demands which contemplate not a juridical accusation but an act of high international policy and they make an appeal to Holland's respect of law and love of justice not to cover with her moral authority violation by Germany of the sacred duty of the Netherlands of the solidarity of the nations."

"The queen has the honor to observe, first, that obligations which for Germany could have resulted from Article 228 of the treaty of peace cannot serve to determine the duty of Holland, which is not a party to the treaty."

"The government of the queen moved by imperishable reasons, cannot raise the question, raised by the demands of the powers, except from the point of view of its own duty. It was absolutely unconnected with the origin of the war and has maintained, and not without difficulty, its neutrality to the end. It finds itself then face to face with facts of the war in a position different from that of the powers."

"It rejects with energy, all suspicion of wishing to cover with its sovereign right and its moral authority violations of the essential principles of the solidarity of nations, but it cannot recognize an international duty to associate itself with this act of high international policy of the powers."

"If in the future there should be instituted by the Society of Nations, an international jurisdiction competent to judge in case of war deeds, qualified as crimes and submitted to its jurisdiction, the acts of the Netherlands government would be fit for Holland to associate herself with the new regime."

"The government of the queen cannot admit in the present case any other duty than that imposed upon it by the laws of the kingdom and national tradition."

"Now, neither the constituent laws of the kingdom, which are based upon the principles of law universally recognized, nor a respectable secular tradition which has made this country always a ground of refuge for the vanquished in international conflicts, permit the government of Holland to defer to the desire of the powers by withdrawing from the former emperor the benefit of its laws and this tradition."

"Justice and national honor, of which respect is a sacred duty, oppose this. The Netherlands people, moved by the sentiments to which in history the world has done justice, could not betray the faith of those who have confided themselves to their free institutions."

"The government of the queen is pleased to believe that the powers will recognize the good grounds of these considerations and will not raise any consideration of personalities and which seem to it so preemptory that they could not reasonably give rise to wrong interpretations."

ATTEMPT TO REACH MAROONED SHIP FAILS

Worst Storm in Years Prevents
Help Reaching Vessel Frozen
Into Ice.

CHICAGO, Jan. 23.—Driving into the teeth of the worst storm of the season, Captain J. O. Anderson and a crew of six men of the Chicago coast guard station made an unsuccessful attempt today, to reach the marooned lake steamer, Sydney O. Noel, frozen into ice in the Chicago harbor.

The expedition, after an hour of difficult walking reached the Chicago harbor light house, but was forced to turn back when the pressure of ice on the ice driven in place, which provided an unmountable barrier.

It was learned tonight that the imprisoned crew was well supplied with provisions and fuel. Efforts to rescue the men will be continued tomorrow.

Officials of the steamer line, owning the boat said tonight that the pressure of ice on the wooden hull, coupled with upward pressure from the ice forced under the ship by the wind—already raising it six feet from the normal water level—is believed to have placed the steamer in a precarious position. If the vessel is not crushed by the ice, the officials said, the crew is provided with food and fuel enough to last a week.

LITTLE CHANGE IN "FLU" SITUATION

New Cases Reported in Chicago Yesterday Total
2,230, Deaths 31

NEW PNEUMONIA CASES INCREASE

CHICAGO, Jan. 23.—Influenza cases reported for the twenty four hours ending at mid-day were but slightly more than the number for the previous day but pneumonia cases in the same period showed an increase. Influenza cases totaled 2,230 compared with 2,226 reported yesterday. Deaths from the disease numbered 31. Pneumonia cases totaled 321 against 237 for yesterday with 45 deaths.

Health Commissioner John Dill Robertson today launched a vigorous protest against Congregational Sabbath's effort to obtain legal permission to use whiskey for influenza and pneumonia.

"Alcohol is one of the greatest predisposing factors we ever had for pneumonia," he said. "Whiskey is not a cure for the flu nor a remedy. It does not assist in any manner in fighting either one of the diseases."

In his campaign against possible sources of spread of the epidemic the health commissioner today asked Chief of Police Garrity to close a candy factory for general insanitation, and asked Mayor Thompson to revoke the licenses of three restaurants for the same reason.

LEGION WILL NOT INTERFERE WITH LABOR

CHICAGO, Jan. 23.—A plank prohibiting interference in labor disputes was incorporated in the tentative constitution of the Illinois Department of the American Legion at a meeting of the executive committee today.

The committee adopted an amendment to the constitution introduced by R. V. Austin of East St. Louis reading:

"It shall not discriminate partisan principles nor promote the candidacy of any person seeking public office nor participate in any organization in any controversy between labor organizations and the employers."

Steps were taken by Commander Milton J. Foreman toward the organization of women's auxiliary posts to be composed of relatives of legion members or men who lost their lives in the service.

SELLS FEDERAL AGENT QUART OF WHISKEY

CHICAGO, Jan. 23.—Edward Levy, a former saloon-keeper, was arrested today by a federal prohibition agent after he had sold the agent a quart bottle of whiskey. While awaiting arraignment, Levy snatched up a bottle and dashed it to the floor. He was held in \$5,000 bonds by Commissioner Mason.

"Levy's act in destroying the evidence was a felony, and I will push the prosecution of it to the limit as an example for others," said Major A. V. Darlymple, head of the prohibition forces in the central division.

REVENUE AGENTS CHARGED WITH GRAFT

CHICAGO, Jan. 23.—Three internal revenue agents were indicted today by the federal grand jury charged with graft and accepting bribes in connection with liquor cases.

John Smorowski, chief of a Chicago district, charged with taking a bribe to keep secret a violation of the law. He is at liberty under bond.

John Warren and Earle D. Treanor, charged with appropriating confiscated liquor. Both are fugitives from justice, having disappeared following their suspension from the service.

RECOMMEND 2 1/2 PER CENT RATE.

Chicago, Jan. 23.—Recommendations to banks and trust companies in all federal reserve districts that no rate in excess of 2 1/2 per cent be paid on not and internally daily balances were made in resolutions adopted today at a meeting of representatives of the twelve federal reserve districts.

LOWDEN WILL SPEAK IN DAKOTA NEXT MONTH

Chicago, Jan. 23.—Governor Frank O. Lowden, will make a tour of South Dakota, Feb. 18, 19 and 20. The governor will deliver about twelve speeches, his campaign headquarters announced today. Sioux Falls, Pierre and Deadwood will be among the cities visited.

HUNDREDS OF BARRELS OF OIL BURNED.

Pittsburgh, Jan. 23.—Fire of unknown origin starting in a warehouse of the Atlantic Refining company here late this afternoon has destroyed hundreds of barrels of oil and the building which covers two blocks and an estimated damage of \$500,000.

MANY TESTIFY AT BORDER QUIZ

Officials of the Ranger Service
Tell Committee Mexican Government
Refuses to Cooperate in
Running Down Bandits.

San Antonio, Texas, Jan. 23.—County sheriffs, officers of the ranger service, customs collectors and district attorneys testified before the senate sub-committee investigating the Mexican situation today that they had never succeeded in obtaining from the Mexican authorities any cooperation in the prevention of border raids.

The declarations of these witnesses was supported by that of others who added to the committee's record details of numerous attacks made by Mexicans during the border war of 1915-16.

Testimony corroborative of charges that Carranza and other Mexican officials were aware of and encouraged the leaders operating under the "plan of San Diego," was given.

One sheriff who testified was Octavio Guerra, a naturalized Mexican of Starr county. He told of a confession made to him by a raider whom he captured in which he was informed Carranza soldiers were in fact the raiders and that their movements were directed by Carranza officers.

Documentary evidence to the same effect was presented. It was the attested confession of a prisoner who had signed the statement saying his detachment was a small army unit commanded by a major of the regular establishment and that after they had been marched some distance north of the Rio Grande, he had halted them and read to them his orders. They were to assist in recovering land taken by the United States from Mexico.

Mrs. Nellie F. Austin, whose husband and son was put to death by a raiding party in 1915 near Sebastian, Texas, told the committee the story of their removal by bandits, angered because they could procure from them only an old rifle and a shot gun. She was ill at the time, she testified. When she recovered from a faint, their entrance of the house had caused a great grief to her son, 30 years old, while her husband was held outside the house. Before the Mexicans drove away with the two men, her husband called to her not to worry; they would return in a few minutes. They disappeared around a bend in the road and she heard the volley of the firing squad. When she got there the Mexicans had gone. Both her husband and son were dead.

TAFT CONFERS WITH SENATORS

Washington, Jan. 23.—Former President Taft visited the capitol today and conferred with Senators active in the movement for a peace treaty compromise. He had a talk with Senator McCumber, republican, North Dakota, a "mild reservationist" leader and later planned to see a number of senators regarding the compromise negotiations.

During his visiting to the senate, Mr. Taft addressed briefly representatives of a local committee which had invited him to talk at a mass meeting here in behalf of the treaty. He said he did not believe a compromise on the reservation affecting Article Ten of the league of nations covenant would "kill" the league.

"The matter of the ratification of the treaty is in the hands of the senators," said Mr. Taft. "It must be worked out by them. Everyone knows how I stand on the treaty. I believe that the best way is to let the knowledge of the public desire that the treaty be ratified trickle into the senators."

SUITS FILED TOTAL OVER A MILLION

Chicago, Jan. 23.—Suits have been filed demanding more than \$1,000,000 in damages from the City of Chicago for deaths, injuries and property damage in last summer's race riots it became known today. Of this amount more than \$100,000 is sought by relatives of twenty-two men and women claimed to have been killed during the rioting. Owners of buildings in the hot district which were damaged and persons hurt during the disturbance also are included among those bringing suits against the city. The number of such damage suits exceeds 600, the amounts asked varying from a few dollars to \$20,000. A large force of investigators is being employed by the city in checking the claims for damages.

PLAN EDUCATION FOR ALL ILLITERATES.

Washington, Jan. 23.—Aliens and citizens alike, between the ages of 16 and 21 years of age, who are illiterate would be compelled to attend classes of instruction 200 hours yearly under an amendment to the Kenyon Americanization bill adopted today by the senate. As originally drafted the bill would have affected persons of American birth between that age, but all aliens between 16 and 45 years of age.

EXPORT FIGURES.

Washington, Jan. 23.—December exports, decreased in value \$140,000,000 from the \$741,000,000 recorded for November, while imports decreased to \$381,000,000 a decrease of \$44,000,000 according to a statement today by the commerce department.

The excess of exports over imports for the entire year, 1919, reached \$4,017,000,000, a high record.

MORE ATTACKS ON SEDITION BILL

Fight on Measure Spreads to
the Floor of the
House

GOMPERS ASSISTED BY REP. BLANTON

WASHINGTON, Jan. 23.—Attacks on pending anti-sedition bills not only continued today before the house rules committee but spread to the floor of the house. Republican and Democrat joining in opposition to the measures which were in turn defended by members of both parties.

Republican members of the rules committee at the hearing on the Sterling and Graham bills charged that Attorney General Palmer had sidestepped the issue after asking to be permitted to present the need for additional legislation to prosecute radicals. Representative Roderburg of Illinois, Republican member of the committee, after charging that the attorney general had developed "a plain case of cold feet" announced that tomorrow he would offer a resolution asking Mr. Palmer to appear before the committee.

The attorney general later today later denied that he had ever promised his support for either the Sterling or the Graham bill and said the measure introduced by Representative Davey, Democrat, Ohio, embodied his ideas on such legislation. Attacks on the bills in the house were made by Representatives Browne, Republican, Wisconsin, and Huddleston, Democrat, Alabama, the latter declaring that industrial unrest might be converted into political unrest by such measures.

Says Gompers Threatened.
The forces in the house favoring the measures were led by Representative Husted, Republican, New York, who, however, objected to the first two sections of the Graham bill and Representative Blanton of Texas, Democrat, who declared the Republican committee had favored the proposed sedition bills until they were opposed by organized labor and Mr. Gompers came with a veiled threat to the Republican party.

"The biggest autocracy in this country is that which stops this bill," declared the Texas representative, adding that if members of congress would vote their own judgment they would pass the measure and let Gompers go to Hell."

Swinburne Hale, a former army officer, told the committee the Graham bill was filled with "jokers" while Alfred Beckman of Cincinnati, former assistant attorney general in charge of the sedition cases asserted that the proposed legislation would be a worse evil than the acts it might prosecute.

"There are no cases except very remote ones which cannot be punished under existing statutes," he declared, "and the menace from these cases is not dangerous enough to add legislation which would be a trust at the freedom of American citizens. In countries where suppression is the greatest revolutions are the result."

Hundreds of letters and telegrams protesting against the bills including a letter from John L. Lewis, acting president of the United Mine Workers of America, have been received. Chairman Campbell of the rules committee announced today.

CHARGE ARMY OFFICER WITH FRAUD

SEATTLE, Wash., Jan. 23.—Captain John F. Blaine was indicted here today by a federal grand jury investigating alleged frauds in the war time construction of ships for the United States shipping board. As district manager of the shipping board, Captain Blaine, during the war directed the government's gigantic steel ship building program at Amerson and Washington.

The indictments charge Captain Blaine received secret commissions from the Stewart Davis and Equipment company, New York City, on sales the company made to the shipping board while he was district manager. The commissions it was charged totaled approximately \$16,000.

VOTE ON SUFFRAGE MONDAY.

Richmond, Va., Jan. 23.—Governor Davis today transmitted to the general assembly recommendations for the Equal Suffrage amendment. The amendment will be considered at a joint meeting of two committees of the house and senate Monday.

DON'T FUSS WITH
MUSTARD PLASTERS

Musterole Works Without the
Blister—Easier, Quicker

There's no sense in mixing a mes-
ture of mustard, flour and water when you
can easily relieve pain, soreness or stiff-
ness with a little clean, white Musterole.
Musterole is made of pure oil of
mustard and other helpful ingredients
combined in the form of the present
white ointment. It takes the place of
mustard plaster and will not blister.
Musterole usually gives prompt relief
from sore throat, bronchitis, tonsilitis,
croup, stiff neck, asthma, neuralgia,
headache, congestion, pleurisy, rheuma-
tism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frost-bitten feet, colds or

moval of the ban on whiskey for

of having done his best.

THE SIFTING
OUT PROCESS.

As one reads about the sessions
of the constitutional convention
the feeling grows that one of the
principal tests of the delegates
will be in sifting out the meritori-
ous suggestions from those that
are not worth while. The fact is
that many of the delegates are
suggesting matter for inclusion
in the constitution which can
only come into force as enact-
ments of the general assembly.
So, after all is said and done
the sifting process will require
the greatest amount of work and
the most earnest thought on the
part of the convention.

STRANGE COMMODITY
RELATIONSHIPS.

People very often forget the
inter-dependence that exists in
this world. One person is de-
pendent upon another and one
line of industry is a failure with-
out another. Some things that
one would ordinarily list as en-
tirely unrelated are found not to
be so at all. For instance, who
would ever think that nails had
anything to do with the egg mar-
ket or supply?

Yet the fact is, because of a
lack of nails of a certain kind egg
cases cannot be made rapidly
enough to take care of shipments.
The result is in some localities a
shortage of eggs and that
very shortage has its price effect.

THE GOOD
TURN HABIT.

One of the good practices from
the Boy Scout's creed is "doing
good turns." In commemorating
the 10th anniversary of this very
helpful organization, an effort
will be made for a country wide
observance of "do a good turn"
week. Every day of this week
every Boy Scout will do some un-
selfish or kindly act for individual
or public benefit.

In some cities there will be spe-
cial direction of this good turn
effort, with the expectation that
there will be clean-up programs
and other civic betterment move-
ments. While the thought be-
hind the week is to emphasize
the Boy Scout movement, there
is also no doubt the hope that
there may be something contag-
ious in this good turn movement
and that grownups as well as the
Scouts may feel the impulse.

To fasten the "good turn"
habit on a community will be a
wonderful thing. The good turn
is simply another name for un-
selfish service. The individual
who has taken on this habit has
solved the big thing in life, and
has a certainty of a rare amount
of satisfaction and happiness.

What applies to the individual
is just as true of a community. If
you could find, for example, a
whole city full of people all in-
tently on "doing good turns," why,
it would be a city better even
than Utopia.

PLAN NATIONAL
MEMORIAL.

Formation of a national organ-
ization, to be known as the Na-
tional Memorial Association, for
the purpose of erecting a national
memorial in the city of Washing-
ton in memory of the dead of the
American Army, Navy and Marine
Corps, and affiliated civilian wel-

fare services in the World War.

is announced from Washington.
According to present plans this
organization will be made up of
representatives from the Army,
Navy and Marine Corps, as well
as representatives from the Am-
erican Legion, National Guard
Association, Naval Militia Asso-
ciation, American Library Asso-
ciation, American Red Cross,
Salvation Army, Knights of Col-
umbus, Y. M. C. A., Y. W. C. A.,
Jewish Welfare Board, War
Camp Community Service and the
Training Camp Association.
Funds for the erection of this
memorial will be raised by popu-
lar subscription.

Major General William G.
Farran, Assistant Chief of Staff of
the Army, heads the movement.
The Army is represented by the
commanders of corps and divi-
sions who fought in France, and
delegates from other organiza-
tions will be added to the com-
mittee.

The Secretary of War has been
requested also to assign plots of
ground in Arlington Cemetery or
other national burial grounds for
the erection of suitable monu-
ments dedicated to the dead of in-
dividual organizations, who
fought in the World War.

Rippling Rhymes
By Walt Mason

Better Days.

A better time is coming—I am
quite sure of this—when you will
see me thrumming my lyre in per-
fect bliss; the Reds, who claim
attention, will be too scarce to
mention, the serpent of dissen-
sion will be too weak to hiss. We
all are growing sadder with every
passing day; the evidence grows
plainer that the dreams fade
away; and soon we'll stand and
wonder why in the name of thun-
der we tried to tear asunder the
things that ought to stay. You'll
see us backward gazing and view-
ing, with a tear, our antics most
amazing, in one unholy year,
when we were all demented, dis-
traught and discontented, and
every day invented new kinds of
doubt and fear. And, on the
heights of reason, we'll mutter,
"Can it be, that through one god-
less season no dome from bats
was free? O, can it be we wanted,
and clamored to have planted in
this fair land enchanted, fake
kinds of liberty?" Slow, slow has
been the waking from wild and
hugheuse dreams, but now the
morn is breaking and sun-
light on us streams; and as the
morn advances we'll come forth
from our trances, while yet our
eagle prances and lifts the air
with screams.

MADE ADDRESSES AT
ROTARY LUNCHEON

Miss Wadsworth Emphasizes
Good Work of Y. W. C. A.—In-
come Tax Law Discussed.

At the Rotary club luncheon
yesterday the President, H. M.
Capps, presided and introduced a
number of visitors. The mem-
bership attendance was larger than
usual. Miss Mary Wadsworth told
something of the work of the Y.
W. C. A. and the purpose of the
approaching campaign, and M. D.
Keyes, special representative of
the revenue department, gave a
talk on the income tax law.

Miss Wadsworth reviewed par-
ticularly the work of the Y. W.
C. A. during the war period both
in this country and overseas.
Then some interesting facts were
given concerning the activities of
the organization since that time.

Mr. Keyes in talking about the
income tax law, had a very broad
subject but laid special emphasis
on a number of points. There
were various questions asked and
some matters of doubt were
cleared up. The income tax rates
are lower this year than last, as
that provision was made by con-
gress when the law was enacted.
Except for this question of rates
the law in its provisions is just
the same as in 1919.

of Edward J. Erickson of New
Berlin.

The ceremony was said by the
Rev. R. F. Hodnett, pastor of
Kissimmee M. E. church. The
couple were attended by Leslie R.
Morris, Roger E. Graham and the
Misses Jane Westfall and Hazel
Morgan, all of Fair Haven.

The bride is the eldest daugh-
ter of Mr. and Mrs. Leonard H.
Whitlock of this city. She gradu-
ated from the Jacksonville high
school in the class of 1919. The
family are spending the winter
months in Florida.

The groom is the son of Mr.
and Mrs. J. E. Erickson of New
Berlin. He is a graduate of the
New Berlin high school and also
attended the Business College.
For a time he was in the employ
of the Elliott State bank and
later with the Alexander bank.
The couple expect to make an ex-

NEW BERLIN BOYS AND

Scores of 6 to 3—Will Meet
Illinois Next Week.

New Berlin, Jan. 23. (Special).
—Members of the New Berlin
high school team defeated the
Auburn basketball five here to-
night by the score of 6 to 3. This
is one of the smallest scores re-
corded in any basketball contest
this season and shows ability on
the part of the guards of both
teams and also that the contest-
ants were well matched. At the
close of the first half the score
stood 5 to 0 in favor of New Ber-
lin. In addition to the low score
recorded in this game is the coin-
cidence that the result of the cur-
tain raiser played between the
girls of New Berlin and Auburn
was identical, ending 6 to 3 in
favor of New Berlin.

Next Friday night Illinois
will come to New Berlin for a
game.

Ends Stubborn Coughs
in a Hurry

For real effectiveness, this old
home-made remedy has no equal.
Easily and cheaply prepared.

You'll never know how quickly a
bad cough can be conquered, until you
try this famous old home-made rem-
edy. Anyone who has coughed all
day and all night, will say that the
immediate relief given is almost like
magic. It is very easily prepared,
and there is nothing better for coughs
into a pint bottle, put 2 1/2 ounces
of Pinex; then add plain granulated
sugar syrup to make a full pint. Or
you can use clarified molasses, honey,
or corn syrup, instead of sugar syrup.
Either way, the full pint saves about
two-thirds of the money usually
spent for cough preparations, and
gives you a more positive, effective
remedy. It keeps perfectly, and
tastes pleasant—children like it.
You can feel this take hold instantly,

Farmers!

It is just as important to study and work out our marketing and
other business problems, as it is to plant corn and put up hay.
Our business will never be on a sound, permanent, paying basis
until we do. The only way we can solve those problems is by
strong level-headed organization.

We are entitled to cost of production on our products
plus a fair profit, interest on what we have invested, and
wages in accordance with other skilled laborers, for the
hours we put in. We must get busy, study our problems
to the last avenue and solve them. We have no reason
to complain unless we make some effort to solve our
problems.

The Morgan County Farm Bureau and the Illinois Agricul-
tural Association are organized to do these things. We can not ex-
pect to solve all our problems in one year, and we must be fair to
all people in what we do, but we must do it. You are going to
have the opportunity to join hands with 49,000 other farmers in
this work between February 1 and 29. You will want to join.
We need your co-operation.

BAD BRONCHIAL COUGH FOR 36 YEARS

Mrs. Bice finally stopped it,
without changing climate.

"I had bronchitis for 36 years. When I was 2 years old, I had whooping cough and it left me in an awful state. I took hundreds of dollars worth of medicine, with but little relief. I had to sit up in bed all night and cough and choke until my eyes nearly burst out of their sockets. I could not afford to change climate. Finally my husband urged me to try Milks Emulsion, saying if it didn't help me I could not get my money back. I tried it and have continued its use until now my bronchial tubes are free and clear and I can breathe with ease. When you think that I had this dreaded disease all my life, you can see why I want everybody to try Milks Emulsion."—Mrs. Anna Bice, 1451 Wendall St., Columbus, O.

Sprays and gargles and local remedies do not touch a cough of this kind. The system must be built up to throw it off. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like food. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

INQUEST HELD IN I. G. LAZENBY DEATH

Jury Hold Carl Hook Blameless—
Mr. Hook Tells Jury of Accident.

The jury empaneled by Coroner Rose to inquire into the death of Isaac G. Lazenby after hearing the testimony rendered a verdict exonerating Carl Hook whose car struck Mr. Lazenby, from all blame.

The jury was composed of John Hodgson, foreman; W. T. Reaugh, C. R. Taylor, F. J. Blackburn, J. A. Crum and G. C. Guthrie held the inquest at the undertaking parlors of W. W. Gilham, Friday.

The testimony included that of Carl Hook, Harry Cain, Hiram Drury and Dr. Edward Bowe, who attended Mr. Lazenby. Mr. Hook told of the manner in which the accident occurred.

Mr. Cain and Mr. Drury did not see the accident but were near at the time and assisted Mr. Hook in getting Mr. Lazenby from under the car and carrying him into the residence of C. C. Berryman.

Dr. Bowe told the jury of the nature of Mr. Lazenby's injuries. He stated that it was probable that the compound fracture, which he said was the cause of death, was caused by Mr. Lazenby's head striking the pavement.

The full text of the verdict is given:

"We, the undersigned jurors, sworn to inquire of the death of Isaac G. Lazenby, on oath do find that he came to his death from a compound fracture of the skull caused by being accidentally struck by an automobile driven by I. G. Hook. We find by the evidence the car was not running faster than 10 to 12 miles per hour. Mr. Hook used all care to avoid the accident, and we agree accident could not be avoided. We the jury exonerate him from all blame."

KNIGHTS OF COLUMBUS WHIP VIRGINIA INDEES

Local Independent Team Won
Game By Score of 29 to 27—
Game Was Fast and Rough—
Visitors Show Class.

By a score of 29 to 27 the Knight of Columbus team defeated the Virginia Independents at Liberty Hall Friday night in a game that was fast and rough.

The visitors presented a team of former high school stars and showed great strength on defense and also scoring ability.

At the end of the first half the score was 15 to 14 in favor of Virginia. However, in the second half Rexroat got to going and it was his work that in a large measure turned the tide of battle.

Rexroat did excellent work for the Knights, caging six baskets from the field. Hook and Foley also figured in the scoring while Cain, Clancy and Foley did strong defensive work.

For Virginia, Zimmerman and Cooper did excellent work. They scored most of Virginia's points and were as strong as any players seen on the Liberty court this year. Wardell also played a strong game at guard for Virginia.

The Knights of Columbus team showed great improvement over their last appearance. If the men can get together and practice and get in condition they should be able to give any independent team in this section an argument.

QUINCY HIGH TRIMS JACKSONVILLE HIGH

Locals Come from Behind in
First Half and Are One
to the Good—However, Quincy
Gets the Jump in Second Half
and Wins By Score of 32 to 25.

Quincy high trimmed Jacksonville at basketball in David Prince gymnasium Friday night by a score of 32 to 25.

It was a hard game for Jacksonville to lose for seldom did the men play harder and fight to the final gun. However, inaccuracy in shooting was one of the causes of defeat as the men did not seem to be able to get the ball inside the hoop on long tries.

Quincy started off with a rush and soon had four baskets caged. The locals had not counted. Finally Hunter tossed a free throw and Jacksonville took on new life. They began to get some baskets and while Quincy maintained the relative lead they seemed to be tiring.

Just before the gun sounded for the close of the half Jacksonville "pepped" up and with a rush and some excellent team work they caged baskets so fast that Quincy seemed bewildered.

Just five seconds before the gun cracked ending the half Jacksonville caged a basket making the score 21 to 20 in her favor.

When Jacksonville took the lead everybody went crazy and the din was terrific. It looked like a sure victory for the locals.

However, when the teams came back for the second half Jacksonville was unable to get warmed up. Quincy was not much better than they immediately took the lead by scoring three field baskets. Jacksonville had enough tries at free throws to have kept them in the lead, but Hunter seemed to have lost his eye and could not connect.

During the entire second half Jacksonville could score but four points. They worked the ball down to the basket time and again, but could not count.

For Jacksonville, Lucas was the main point maker, while Hunter played an excellent game both on offense and defense. Molohon, Woods, Green and Ransdell also did good work.

Quincy had several men who seemed able to shoot baskets from almost any angle. Dalton, Pike and Carlton excelled at this while Quincy's guards were hard for Jacksonville to get by in the second half. The score:

Jacksonville:	F. G.	F. T.	Ts.
Lucas, f	7	0	14
Hunter, f & c	3	1	7
Molohon, c	2	0	4
Woods, f	0	0	0
Green, g	0	0	0
Ransdell, g	0	0	0
Totals	12	1	25
Quincy:	F. G.	F. T.	Ts.
Carlton, f	5	0	10
Pike, f	6	0	12
Dalton, c	5	0	10
Cramer, g	0	0	0
Van Doon, g	0	0	0
Totals	16	0	32

WINCHESTER WOMAN PASSES AWAY FRIDAY

Mrs. Margaret Lewis Dies After
Illness of Several Months—
Other News of Winchester and
Vicinity.

Winchester, Jan. 23.—Mrs. Margaret Lewis, wife of the late Thomas Lewis, passed away Friday at 12:30 o'clock, at her home four miles southeast of town.

Mrs. Lewis had been in poor health for several months and during the last two months had been quite ill.

Deceased is survived by four daughters, Mrs. Ben Clark of east of here, Mrs. George Kirkpatrick of Winchester, and Misses Louella and Lucy at home; two sons, William at home and Walter residing east of Manchester; two sisters, Mrs. Fannie Argus and Miss Lizzie Mason; and one brother, Robert Mason, all of Winchester.

Mrs. Lewis had been a resident of the Winchester community for many years and during that time endeared herself to a host of friends who will learn of her death with regret.

No arrangements have been announced for the funeral.

Born Friday morning to Mr. and Mrs. George Flynn, southeast of town, a nine pound son.

Samuel Rimbey of White Hall was a business caller here Friday. Mr. Rimbey has disposed of his green house property to a Pennsylvania man and will operate a large fruit farm in the vicinity of White Hall during the coming year.

Born Friday morning to Mr. and Mrs. John Flynn of Winchester, a ten pound son.

Quite a number of Winchester young ladies were hostesses at a Leap Year dance at Baisley's Hall Tuesday evening. There were about fifty couples present. Skinner's orchestra of Meredosia furnished music for the occasion.

Misses Dorothy Boylan and Mary Leonard arrived Friday afternoon from Jacksonville for a short visit with relatives.

Lee and Jess Overton are confined to their home by illness.

The members of the Freshman class of the high school gave a dance at Baisley's Hall Friday evening. The affair was in the nature of a farewell party in honor of Miss Kathleen Lucy of St. Louis, an instructor at the high school, who has resigned her position on the faculty and leaves for her home Sunday.

Winchester High will meet Waverly here Saturday night in a basketball game.

RELIEF FOR EUROPE
BEFORE CONFERENCE

Pan American Congress Delegates Recommend Financial Steps to Aid Suffering.

WASHINGTON, Jan. 23.—Recommendation that proposed relief for Europe from the United States be furnished thru the medium of loans to the countries of South and Central America, the proceeds of which would be used to pay the debts of those countries to Europe in the form of foodstuffs and other necessities was considered tonight by many delegates to the second Pan-American financial congress as the outstanding conclusion of the congress which closed today. The European relief commendation, presented by Dr. Jose Luis Tejada, was embodied in a series of

eighteen resolutions setting forth the conclusions reached at the week's meeting. Dr. Tejada and other delegates pointed out that as Europe acted as the financier of Latin-America before the war, many of the Southern republics were indebted to many European nations needing relief and were in a position to pay those debts with the needed commodities. The United States it was asserted would confer a double benefit by allowing the Latin-American countries to act as the "middle-man" in proposed relief measures. The existing exchange rates would work to the advantage of all concerns. Dr. Tejada said and at least one billion dollars could be made immediately available to Europe thru the plan.

Glass Sees Closer Union. The congress at its closing session heard addresses by W. P. Harding, governor of the United States federal reserve board and by Dr. Enrique Martinis Sobral, of the Mexican delegation. Bidding the delegates farewell, Secretary of the Treasury Glass declared:

"The congress, I feel sure, has accentuated the sentiment and common purpose and strengthened the bonds of cooperation between the American republics. It has tended to improve the relations of cordiality and affection and to unite them in service to each other, to humanity and to the world."

Tomorrow the delegates will visit the naval academy at Annapolis and Monday and Tuesday will be spent at the Hog Island ship building yards near Philadelphia and in New York, the final function being a dinner in New York Tuesday night given by the Pan-American Society of the United States. The recommendations of the congress to which Bolivia, Brazil and Venezuela, noted reservations dealing for the most part with amplifications of certain sections or recommending changes in wording, were set forth in a statement tonight as follows:

"That the name of the international high commission be changed to 'Inter-American High Commission', the better to indicate its constituency and sphere of work.

"That the report of the transportation committee, recommend-

ing increased freight and passenger ocean service to South America be transmitted to the United States shipping board for consideration and action that the recommendations dealing with railroad transportation, postal and telegraph facilities be sent to the Inter-American High Commission for action.

"That the legislation of the states of this country should be modified so as to secure equality of treatment.

"That the Inter-American High Commission study possibility of securing uniformity and equality of treatment in laws regulating foreign corporations in Latin-America.

That there be developed increased use of acceptance for the purpose of financial transaction involving import and export of goods. The hope is expressed that the United States will offer a widening market for long time Latin-American securities.

WANTS MORE
POLICE FOR CHICAGO

Chicago, Jan. 23.—Addition of 1,308 patrolmen, one captain and nine lieutenants to the Chicago police force was recommended today by Chief of Police Garrity in his annual budget which will be submitted to the city council. Chief Garrity also urged a raise in salary for the patrolmen and for the thirty policemen on the force.

QUIET REIGNS IN
SUGAR PLANTATIONS

Honolulu, Jan. 23.—There were no disturbances today on the sugar plantations of the island of Oahu, several of which were the scenes of demonstrations by striking laborers yesterday.

A semi-official estimate set the number of men idle on the seven plantations on Oahu at 606.

Miller's Antiseptic Oil, Known as
SNAKE OIL

Accomplishing Most Wonderful "I want to thank you for your wonderful oil," writes Mr. J. C. Gibson of Jonesboro, Ark. "My little girl was very low of diphtheria; I had given her two doses of medicine which cost me \$10 with no results. I bought a 25c bottle of your oil and one application relieved her. Now she is well. It is the greatest remedy I ever saw." Mr. Gibson made this statement before hundreds of people. Mrs. Florence Meager, 234 Whitney street, Hartford, Conn., writes: "I have used your Antiseptic Oil for neuralgia with good effects. Only thing I have ever tried that stopped the pain immediately." Mrs. Williams, Gadsden, Ala., writes: "I have used your great pain oil for rheumatism, stiff joints also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers." Many cures reported daily from thousands of grateful users of this wonderful oil. TREATY RECEIVES
ANOTHER SETBACK

(Continued from Page 1)

day wanted to know what we had done.

Beyond this Senator Lodge declined to comment. Other senators in today's council, however, stated that no textual drafts of proposed promise reservations were considered.

The principal protest of the eight senators it was stated was against holding any compromise negotiations whatever with the

Democrats and secondly against any change in the Lodge reservations. This view was outlined in Senator Johnson's statement after the conference broke up.

"After months of debate and deliberation," said Senator Johnson, "the senate agreed to a set of reservations. It was admitted by everybody that these reservations called the Lodge reservations were the very little which should be done for the protection of America. In the language of Senator Lodge they constituted 'the irreducible minimum.' Personally I am unable to see how there can be any compromise upon the least possible protection to America or European reservations which are 'the irreducible minimum.' In safeguarding American institutions, to me there can be no compromise with American honor, or America's protection."

Neither Senator Lodge or Johnson in the conference would state whether they believed or understood that the compromise drafts proposed recede from the principles enunciated in the Lodge reservations.

Democratic leaders said today that a proposed reservation on article ten of the league covenant had been submitted to the Republicans and was under consideration with action in prospect tomorrow.

Senator Sherman freely expressed his intention of withdrawing from the Republican party if emasculated treaty reservations were adopted with the support of Republican leaders.

"If the Lodge reservations are to be emasculated," said Senator Sherman, "I will bring up the issue at the national convention in Chicago next June. If there should be no ratification of the treaty with emasculated reservations and that action by compromise between Republicans and Democrats is approved by the Republican national convention, I shall endeavor to find my political associates in some other party that will be against this treaty. I am speaking for myself alone."

Senator Sherman added that he was "perfectly willing" that compromise negotiations should proceed, provided they do not involve emasculation of the Lodge reservations. He asserted that altho he voted against the treaty's ratification he would be willing to vote now for ratification with the Lodge reservation unchanged.

Mr. Lodge was said to have assured the senators with whom he conferred today that no definite agreements had been made by the Republican leaders in the bipartisan peace conferences. The senators were told by the Republican leader that all discussions were tentative and must be referred back to the Republican and Democratic membership.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

CIRCUIT COURT DOCKET HAS BEE NPREPARED

Friday Last Day of Service for February Term — Injunction Suit Purposes — Have Property Turned Over to County.

The February term of the Morgan county circuit court will convene Monday, Feb. 2. Judge Norman Jones will preside. The docket was completed yesterday by Circuit Clerk Boston. While ordinarily no jury cases are heard at the February term, it is the understanding that in this instance the rule will be varied and that there will be hearings on several cases for which juries are required.

There are but two new cases on the criminal docket. Theodore Grisby alias Teddy Grisby, is charged with assault with a deadly weapon and Oscar Gray with forgery.

On the common law docket there are 39 continuances and 11 new cases. There are 86 continuances on the chancery docket and 16 new cases.

Seeks Property for County. Yesterday was the final day of service and State's Attorney Carl E. Robinson filed papers asking for an injunction in the estate of Patrick Cunningham. It was set forth in this document that Patrick Cunningham died in November, 1913, and that at the time of his death he was the owner of certain lots located near the corner of Clay avenue and Franklin street. It is alleged that Patrick Cunningham was the lawful owner of this real estate and that it is now held by Harriet A. Cox and the nature of her interest is not fully established. It is further alleged by the state's attorney that there are no heirs of Patrick Cunningham laying claim to this property and that he believes that the county of Morgan has a right by law to the real estate described. The court was asked to issue a scire facias order requiring Harriet A. Cox to appear and show cause why the property in this estate should not be vested in Morgan county.

The new cases which appear on the docket are as follows: **Common Law.** H. E. Anthony, for the use of Jacob Cohen & Son, partners, vs. Illinois Traction System, garnishee. John H. Sevier vs. Ed McCready, distress for rent. Alvia A. Kemp vs. Charles W. Kiel, case. John N. Kennedy vs. Henry F. Hempel, assumpsit. John A. Carlson vs. William A. Crouse, alias W. A. Crouse and Little Crouse, assumpsit. Charles H. Story vs. Charles A. Rousey, assumpsit. J. C. Richards vs. John Berndt, appeal from J. P. Ed McCready vs. Wemple State Bank, appeal from J. P. Bureau of National Literature, vs. Charles DeSiva, assumpsit. Alice Erlison and Lena Erlison, executrices of the will of John N. Erlison, vs. S. T. Erlison, assumpsit. Mrs. W. H. Wheeler vs. H. C. Wolman, assumpsit. **Chancery.** Florence B. Keirly vs. Samuel C. Keirly, divorce. Charles B. Coomes vs. Marie Coomes, divorce. Susan J. Cohagan vs. Elmer E. Cohagan, divorce. Yvonneta G. Basey et al., vs. Fred C. Trotter, et al., bill. Sarah Norman et al., vs. Sallie Jones, et al., partition. Curtis Williams vs. Nettie May Williams, divorce. Ashford Ator vs. Frank E. Burbank, et al., bill to quiet title. Clyde M. Sanders vs. Sadie Sanders, divorce. Ida Sutherland vs. Calvin Sutherland, divorce. George D. Roberts vs. Leroy Jones et al., foreclosure. Edwin E. Zeigler vs. Agnes Jameson, foreclosure. Duran H. Wesner vs. Ida Wesner, divorce. Flora J. German vs. Albert J. German, bill for release of dower, etc. Pearl Morrow vs. Harry Morrow, divorce. L. C. & R. E. Henry, et al., vs. John A. Anderson, bill for injunction. Taylor Tenserson vs. Otis Taylor, bill.

FORMER RESIDENT DIES IN WEST

Frank L. Hungerford Passed Away in California — Lived Here Many Years.

Relatives and friends here have received news of the death of Frank L. Hungerford, which occurred at a hospital in Santa Ana, Cal., Jan. 11. Death was due to a lung disease. Mr. Hungerford and family left Morgan county last April and went to California with the hope of benefiting his health. However, he gained only a little strength and for the final seven weeks of his life was at a hospital.

Writing to Jacksonville people about the death, a former resident here said that Mr. Hungerford well recognized that the end was approaching and that he was ready to go. He talked much about life "on the other side" and was ready and prepared for the final summons.

Had Mr. Hungerford lived until the 23d of next March he would have been 39 years of age. Left an orphan at the age of three years, he and an infant brother were raised in the home of their grandmother, Mrs. Rogers, who gave them every care.

In September, 1901, the deceased was married to Miss Maggie Brown, and their home life was ever a happy one. The wife, together with nine children, six daughters and three sons, survive.

The family after removal to California quickly made friends and in the final days of Mr. Hungerford's life many kindnesses were extended to them. The deceased was a member of the I. O. O. F. lodge and representative of that order gave him every attention during his hospital illness and had charge of the impressive funeral services. He was laid to rest in Fairhaven cemetery in a plot of ground that the I. O. O. F. owns.

ILLINOI LODGE BUYS BUILDING LOT

Illini Lodge No. 4, I. O. O. F., recently closed a deal thru the trustees whereby it comes into possession of a building lot facing on East Court street adjoining the lodge's property on the west.

The lot is 20 by 70 feet and gives possession of all the land formerly owned by William New. From whom the building was purchased which is now the Odd Fellows Temple.

The lot at present has a building on it which is occupied by William H. Ricks with a garage. It is a valuable building lot and the trustees feel fortunate in obtaining it. Its acquisition gives the lodge eight feet frontage on Court street and sixty feet on East Street.

JACKSONVILLE NO. 13 REBEKAHS ROLL CALL

Was Held in Odd Fellows Temple, East State Street, Friday Night — Good Attendance Despite Weather — Roll Call interspersed With Musical Numbers and Readings.

Jacksonville Lodge No. 13, Rebekahs held its annual roll call in Odd Fellows Temple, East State street, Friday night.

Despite inclement weather there was a good attendance of members and the occasion proved most pleasant for all. Prior to the roll call a brief business session was held. A number of petitions for membership were received. It was voted to initiate a class at the second meeting in February.

Then followed the roll call by the recording secretary, Mary A. Olds. A number of interesting talks were made by members when their names were called. Absent members also sent interesting letters which were read by the secretary. There were selections on the Victrola during the roll call and the following program was given.

Vocal Solo—Clifford Carlson. Reading—Frances Alkire. Violin Solo—Harlan Moses.

The committee in charge of the event was composed of Fern Haigh, chairman, Alice Howard and Blanche Cully.

Following the roll call a social hour was enjoyed and refreshments were served.

WOMEN WHO APPRECIATE QUALITY

Prefer "CARON'S" Yarns

When good knitters get together you will hear the most expert of them commend CARON'S Yarns as the most satisfactory in results. Women who knit and crochet with CARON'S soon win a reputation for fine workmanship because CARON'S Yarns "knit up" so beautifully, due to their extreme softness, fluffiness and elasticity.

That also makes them particularly agreeable to work with.

And they are most economical of all yarns because most yardage is guaranteed in every ball or skein. See the new colors and ask for leaflet showing how to crochet the new filet sweaters.

CHAINS ON AUTOS.

With the streets and highways in the condition they were yesterday all auto drivers should use chains. They should not only do this for their own protection, but for the protection of the public. A car rounding a corner might skid and knock down a pedestrian causing perhaps fatal injury. The icy pavements Friday were unusually dangerous and all drivers should use caution even if they have chains on their cars.
